

7th Gra

Advanced and Accelerated Classes

ELA

We are starting the year off getting into the habit of analyzing both informational and literary texts. We will learn how to read and analyze the texts in order to mimic the writing moves the authors of those texts made to develop the plot.

Adv. Math

We will begin the month reviewing key 7th grade topics including work with integers and rational numbers. We will end the month working with linear inequalities.

Acc. Math

We will begin the month with expressions and equations. We will then
