

Grade: 6

Month: February 2024

end of this month.

Mrs. Hendricks: chendricks@forsythk12.ga.us

Mrs. Roach: broach@forsythk12.ga.us

Math

On-Level Math students ROCKED solving one-step equations. We have transitioned into inequalities and students are graphing, writing, translating, and solving one-step inequalities. Students will have a summative assessment over these skills mid-month and move right into our next unit: Geometry.

Continue checking canvas and www.deltamath.com for assignments and upcoming assessments.

Live, Laugh,

Social Studies

Social Studies has completed our study of Europe and we are now moving to JA Biztown! We are discussing the types of financial payments cards available to citizens as well as the importance of saving. We are also discussing the role of citizens in the Economy. We will be going to JA Biztown for our Economic Simulation (field trip to use classroom learning in an environment). Ms. Downey's classes attend on 2/29 and Ms. Anthony's classes on 3/1 BOTH CLASSES NE

Adv. Reading

During the month of February, students continue to work on reading strategies. We are focusing on questioning, determining importance, summarizing, and inferring. We continue to analyze the structure of complex words (morphology) to determine meaning (semantics).
Reminder: students must bring their own independent book to class each and every day to apply the strategies
